Online High Performance Teams Training Course

Quality - Support - Innovation

A truly effective team works efficiently, communicates well and achieves real results. This short but comprehensive online course will show you how to build and nurture such high performance teams, giving you the skills, strategies and confidence to improve a current team or create a new one.

This training course will teach you how to build effective teams that make the most of meetings and achieve long-lasting results. The skills and strategies you will learn include effective communication and conflict resolution which can be applied to both your personal and professional

life. The course has been designed by our Business Improvement experts who have applied their decades of experience across a wide range of industries to ensure it is relevant for teams in any professional setting.

This interactive course is quick and easy to complete and with one month's access to the content, you will have plenty of time to learn at your own pace. It has a British English voiceover and is optimised for all devices. On completion you will receive two CPD points and, to support your learning, we also offer lifetime email and phone support.

100% Effective's online Building High Performance Teams training has a high customer satisfaction rating, with an average score of 5 stars out of 5.

Benefits

Not only will the high performance teams you build benefit your organisation, but the skills and strategies you will learn, including effective communication and conflict resolution, will enhance both your personal and professional life.

On completion of this Building High Performance Teams training course, you will:

- Understand the process of forming effective teams
- Learn to lead effective team discussions
- Increase your confidence and leadership skills
- Gain a range of conflict resolution techniques
- Improve your ability to create positive relationships

Course Content

This course offers an in-depth look at what makes a high performance team and how to build one. It will equip you with the knowledge and strategies to develop effective teams and identify opportunities for improvement in current ones.

The course will include:

- What makes a high performance team?
- Establishing team norms
- Evaluating and improving trust levels
- Preparing a team for success
- Conflict prevention and resolution techniques
- Identifying team strengths and weaknesses: SWOT analysis
- Developing team action plans
- Creating solutions and closing negotiations

Is it for me?

Although this course is designed with team leaders in mind, the knowledge and skills provided will benefit any team member. The content of this course focuses on professional

teams but can also be applied to those outside the workplace.

There are no prerequisites for taking this training course.
