

# Lean 5S Training

Operational Excellence Training

## Course overview

This Lean 5S course is led by a Lean Master with decades of experience implementing 5S tools in industries worldwide. You will receive the highest standard of 5S training so you can return to work quickly and make immediate improvements.

The course is highly practical and includes completion of audits, improvement identification and implementation. With interactive teaching games and simulations that illustrate how Lean 5S can make hugely beneficial savings to an organisation, you will have plenty of opportunities to practise your new skills throughout the course.

The final exam is multiple-choice and can be taken several times. To support your classroom training, the course comes with one year's free access to our 5S online training course. We also offer lifetime support after course completion to ensure your continued success.

# Lean 5S Training

## Delegate Feedback

"Excellent course, easy to understand with many workplace examples throughout."

"Worthwhile and interesting and a toolkit that I can now use in the workplace to identify service improvements."

## Course content and objectives

This 5S training course will teach you the tools and techniques to reduce waste and increase efficiency. Almost immediately after completion you will be able to make positive changes.

The improvements you put in place will not only save your organisation money, but will transform your workplace into an optimised and safe environment. You will be able to confidently communicate the benefits of workplace organisation and gain team support to achieve continued success.

On this course you will learn:

- The principles of 5S and how to implement it
- To communicate the benefits of 5S
- To create efficient, standardised and safe environments and systems
- To identify problems and eliminate them
- How to apply workplace organisation to any environment, including your home
- How to mobilise a team to embrace workplace organisation

## What's in it for me?

5S is a simple but transformative workplace organisation method. It has helped organisations worldwide increase and sustain high levels of efficiency, saving vast amounts of time and money. Through our 5S training, you will learn the tools to introduce the method and will have the knowledge to champion the technique at work.

Designed by Lean Masters and highly practical, the course covers all the core principles of 5S and will enable you to confidently make immediate improvements with real long-term benefits.

Our 5S training course includes a certificate on completion, 5 CPD points and lifetime support.
