# Online Visual Management Training

Quality - Support - Innovation

Visual Management is a simple yet effective way of setting and communicating standards which increase efficiency and unite a workforce. Through visual aids, an organised environment is created in which anyone can participate and begin to add value, and issues are quickly and easily resolved. It is an easy way to introduce the Lean technique and provides big benefits to organisations that know how to use it.

On this online Visual Management course, you'll learn how to implement basic changes that will transform working practices and you'll be inspired to introduce sophisticated systems that make it almost impossible for mistakes to occur.

This course combines the knowledge of our Master Black Belts and the expertise of our eLearning developers, so you'll receive a high-quality learning experience straight from your screen.

Allowing you to train on your chosen device, at a time that suits you, this eLearning course puts you in control of your learning. It consists of a variety of interactive activities and downloadable material, and is accompanied by a British English voiceover. On successful completion, you will receive a certificate and also gain one CPD point plus lifetime support from 100% Effective.

100% Effective's online Visual Management training has a high customer satisfaction rating, with an average score of 5 stars out of 5.
